

CURRICULUM VITÆ

Pierre Maréchal

June 2016

1 Current position and address

Professor of mathematics at Université Paul Sabatier, Toulouse, France.

Address:

Institut de Mathématiques de Toulouse
Université Paul Sabatier
31 062 Toulouse Cedex 9, France

Email:

pierre.marechal@math.univ-toulouse.fr

2 Education

1. Engineering diploma, ENSICA, Toulouse, in June 91.
2. Master's *Signal and Image Processing*, Toulouse (with honors, valedictorian), in June 93.
3. PhD Thesis at University of Toulouse, with honors, in May 1997. Title: *On the regularisation of ill-posed problems. Applications in signal and image science for astronomy.*
4. Accredited to supervise research (Habilitation à Diriger des Recherches) in applied mathematics, at the University of Montpellier, in 2002. Title of the thesis: *Contributions to convex analysis, to entropy optimization and to tomography.*

3 Positions

1. Assistant lecturer at University of Toulouse - Paul Sabatier, from September 1996 to August 1997.
2. Postdoctoral fellow at Simon Fraser University, Vancouver, Canada, from June 1997 to August 1999.

3. Associate professor at University of Montpellier, from September 1999 to January 2005.
4. Professor at University of Toulouse - Paul Sabatier, from February 2005.
5. Provisional Assignment at ISAE (Institut Supérieur de l'Aéronautique et de l'Espace), from September 2012 to December 2014.

4 Research domains

1. Inverse problems. *Keywords:* ill-posed problems, regularization theory, variational methods, Fourier analysis, aperture synthesis, tomography (SPECT, PET, thermoacoustic tomography, MRI), econometrics (nonparametric instrumental regression, deconvolution with unknown variance, consumer demand estimation)
2. Optimization, convex analysis and applications. *Keywords:* moment problems, entropy optimization, convex programming, calculus of variations, spectral convex functions, duality, condition number optimization, applications (signal and image, aeronautics, econometrics).

5 Supervision of PhD theses

1. [2003-2007] Yaowaluk SAESOR (University of Montpellier). Title: *Quelques contributions aux problèmes inverses de synthèse de Fourier*. Co-supervision with H. Attouch.
2. [2006-2011] Abdelhadi ELASMAI (University of Toulouse - Paul Sabatier). Title: *Sur la correction d'atténuation en tomographie d'émission tridimensionnelle*. Co-supervision with P. Gantet.
3. [2007-2010] Xavier BONNEFOND (University of Toulouse - Paul Sabatier). Title: *Sur les problèmes de reconstruction d'image en tomographie thermoacoustique*.
4. [2009-2012] Thomas REYTIER (University of Toulouse - Paul Sabatier). Title: *Modélisation du spectre de fatigue des structures d'aéronefs soumises à des chargements complexes*. Co-supervision with C. Bès.
5. [2011-2014] Bang Giang NGUYEN (University of Toulouse - Paul Sabatier). Title: *Classification en espaces fonctionnels utilisant la norme BV avec applications aux images ophtalmologiques et à la complexité du trafic aérien*. Co-supervision with Daniel Delahaye.
6. [2011-2014] Laureline GUYS (University of Toulouse - Paul Sabatier). Title: *Fonctions de navigation biharmoniques: application à la planification stratégique de trajectoires avion*. Co-supervision with Stéphane Puechmorel.

7. [2012-2015] Sylvain PRIGENT (University of Toulouse - Paul Sabatier). Title: *Approche innovante et intégrée pour le design et l'opération environnementalement efficace d'avions*. Co-supervision with Aude Rondepierre.
8. [2015-2018] Man LIANG (University of Toulouse - Paul Sabatier). Titre: *Optimization du réseau de route en zone terminale*. Co-supervision with Daniel Delahaye.

6 Managerial activities

1. Member of the organizing committee of the *cours de DEA intensif: Problèmes Inverses en Astrophysique*, CIRM (Centre International de Rencontres Mathématiques), Marseille, mars 1995
2. Member of recruitment committee (commission de spécialistes) at the University of Limoges, from 2000 to 2007.
3. Member of the organizing committee of the conference CANUM'2003, held in la Grande Motte, June 2003.
4. Member of the organizing committee of the workshop *Rencontres en Imagerie Mathématique* (franco-tunisian workshop), Toulouse, June 2007.
5. Editor of the *Lettre MODE*, a newsletter for the French Optimization community, from 2005 to 2007.
6. co-founder of the Group of Research *Mathematics of Optimization and Applications* (GDR Mathématiques de l'Optimisation et Applications), in 2009.
7. Member of the board of directors of the SMAI (Society for Applied and Industrial Mathematics), from September 2009 to September 2015.
8. Head of the Master 1 *Mathematical Engineering* at the University Paul Sabatier, from September 2009 to September 2012.
9. Member of the organizing committee of the *Joint French-Czech Workshop on Krylov Methods for Inverse Problems*, held in Prague, July 19-20, 2010.
10. Member of the organizing committee of the *Spring School on Image Processing*, held in Martel, April 18-23, 2011.
11. Chair of the organizing committee of the Austrian-French-German Conference on Optimization, held in Toulouse, September 19-23, 2011.
12. Member of the organizing committee of the *Séminaire Pluridisciplinaire d'Optimisation de Toulouse*, since September 2012.
13. Head of the *International Relations* for the Departement of Mathematics of the University Paul Sabatier, since June 2015.

14. ERASMUS coordinator for the Departement of Mathematics of the University Paul Sabatier, since June 2015.

7 Conferences and seminars

1. August 1998, 7th Vilnius Conference on Probability and Statistics, Vilnius, contributed talk.
2. March 1999, Approximation and Optimization in the Caribbean, Pointe à Pitre, contributed talk.
3. October 1999, IEEE Nuclear Science Symposium and Medical Imaging Conference, Seattle, contributed talk.
4. May 2000, Optimization Days 2000, Montréal, plenary talk.
5. June 2000, International Conference on Advances in Convex Analysis and Global Optimization, Pythagorion, contributed talk.
6. September 2003, EMS Mathematical Week-end, Lisbon, invited talk.
7. May 2004, 8th European Conference on Computer Vision, Prague, contributed talk.
8. May 2006, Rencontres en Imagerie Mathématique, Tunis, invited talk.
9. July 2006, EURO XXI 2006, Reykjavik, invited talk.
10. July 2007, Mediterranean Conference on Biomathematics, Le Caire, contributed talk.
11. July 2007, ICIAM 07, Zurich, contributed talk.
12. September 2007, Czech-French-German Conference on Optimization, Heidelberg, plenary talk.
13. Novembre 2007, Workshop on Bioimaging, Linz, invited talk.
14. February 2008, First Congress of the SM2A, Rabat, invited talk.
15. April 2008, Mathematical Methods for Imaging, Orléans, invited talk.
16. April 2008, Seminary at King's College London, London, invited talk.
17. May 2008, Franco-Chilean Days on Optimization, Toulon, invited talk.
18. June 2008, Sparse days at CERFACS, Toulouse, invited talk.
19. October 2008, Seminar (VLTAVA Program), Prague, invited talk.

20. May 2009, International Conference on Engineering and Computational Mathematics (ECM2009), Hong Kong, invited talk.
21. June 2009, Rencontres en Imagerie Mathématique, Tunis, invited talk.
22. September 2009, Belgian-French-German Conference on Optimization, Leuven, contributed talk.
23. October 2009, meeting of the GDR Mathematics of Optimization and Application, Porquerolles, contributed talk.
24. January 2010, Conference in Honour of Claude Lemaréchal, Les Houches, invited talk.
25. February 2010, International conference on optimization and its applications (ICOIA-BHU 2010), Benares, invited talk.
26. May 2010, 5th International Conference on Inverse Problems, Antalya, invited talk.
27. June 2010, workshop Optimization and Learning, Metz, invited talk.
28. July, 2010, French-Czech Workshop on Krylov Methods, Prague, contributed talk.
29. November 2010, Colloquium, Saarbrücken, invited talk.
30. June 2011, Computational and Analytical Mathematics (conference in Honour of J. Borwein), Vancouver, invited talk.
31. February 2012, Franco-Thai Symposium, Bangkok, invited talk.
32. March 2012, Seminar, Victoria, invited talk.
33. April 2012, ESI Workshop on Computational Inverse Problems, Vienne, invited talk.
34. June 2012, Seminar, Kelowna, invited talk.
35. July 2012, Workshop on Nonnegative Matrices, Banff, invited talk.
36. October 2012, Seminar, Göttingen, invited talk.
37. November 2012, Symposium on Regularization, Canberra, invited talk.
38. June 2013, Seminar, Bordeaux, invited talk.
39. September 2013, 26th IFIP TC7 Conference on System Modeling and Optimization, Klagenfurt, invited talk.
40. September 2013, French-German-Polish Conference on Optimization, Cracovia, contributed talk.

41. October 2013, Seminar at Université Libre de Bruxelles, Bruxelles, invited talk.
42. November 2013, Seminar Optimisation 3EP, Toulouse, invited talk.
43. December 2013, Seminar at Centre for Medical Image Computing, UCL, London, invited talk.
44. March 2014, Seminar at ISBA, Université Catholique de LLN, Louvain la Neuve, invited talk.
45. April 2014, Seminar at EPFL, Lausanne,, invited talk.
46. May 2014, Seminar at TSE, Toulouse, invited talk.
47. September 2014, Conference MaxEnt 2014, Amboise, contributed talk.
48. November 2014, Seminar at Université d'Avignon, Avignon, invited talk.
49. November 2015, Workshop iTomoMulti, Gif-sur-Yvette, invited talk.
50. February 2016, National Conference on Analysis, Benares, invited talk.
51. March 2016, Workshop Inverse Problems in the Alps, Obergurgl, invited talk.
52. June 2016, Conference ISNPS, Avignon, invited talk.

8 Invitations and visits

1. From September 2003 to December 2003, invited lecturer at CMM, Universidad de Chile, Chile.
2. From September 2004 to August 2005, invited researcher and lecturer at EPFL, Lausanne, Switzerland.
3. From February 2012 to August 2012, visiting researcher at University of Victoria (PIMS-CNRS program), Victoria, Canada.
4. From March 2014 to April 2014, invited professor at EFPL, Lausanne, Switzerland.

9 Distinction

September 2010, Prime d'Excellence Scientifique (PES).
